Once an organisation is empanelled with the National CSR Hub at TISS, there are 3 modes of partnership:

- The organisation's details along with thematic and geographical areas of empanelment are shared with those corporations that have signed MoU with the National CSR Hub, TISS. These companies 'may' get in touch with empanelled partners, as per their CSR policies and areas of engagement.
- Empanelled organisations may themselves approach prospective CSR funders with not only a copy of the letter, but most importantly with a project proposal.
- The National CSR Hub at TISS also has a database/project proposal bank of prospective projects. Your organisation is eligible for applying for empanelment of a flagship project proposal. The National CSR Hub at TISS does not assure funding for empanelled partners, but plays a proactive role in connecting potential CSR funders with potential projects of empanelled partners through its project proposal bank.

The National CSR Hub at TISS, may also conduct field verification visits to empanelled organisations as a part of monitoring.
